

Position: Financial Analyst
Location: Mississauga, Ontario
Reports To: Manager, Financial Analysis

Your opportunity:

This is an exciting opportunity for a Financial Analyst to join a growing and leading energy provider! Reporting to the Manager, Financial Analysis, this role will have you assisting with the company Financial Analysis, reporting and auditing requirements.

Why you should join Just Energy:

We are a North American market leader in retail energy, green energy, and home services, with a market capitalization of nearly \$2 Billion, and millions of happy customers. Our work environment is described by three simple words: ENERGY, OPPORTUNITY, and GROWTH. We provide an energetic and engaging work environment that is focused on professional and business growth, and where our colleagues have opportunities to excel and be rewarded with further growth opportunities, competitive compensation, performance bonuses, share ownership, and group benefits. If you are energetic, bright, driven, and you want to be part of something really great, then join us. You can realize your potential here at Just Energy.

Your primary accountabilities:

- Develop and maintain Gross Margin reports and analysis for energy markets.
- Develop financial forecasts and provide variance analysis on electricity & natural gas markets.
- Monitor cash flow forecasts and liaise with the Treasury team in weekly variance analysis.
- Review financial reporting processes and operational controls for existing markets and propose improvements where appropriate.
- Prepare detailed monthly & quarterly variance analysis reports and commentary.
- Initiate enhancements to automate systems and financial models used for data compilation, analysis and reporting.
- Assist in preparation of annual budgets and quarterly forecasts.
- Liaise with external auditors and Risk group on a quarterly basis.
- Provide input and validate information for Annual Reports.
- Ad hoc analysis and special projects as assigned.

Your qualifications:

- University degree in Finance/Engineering/Mathematics.
- 2-3 years hands on experience
- Some experience in financial modeling & revenue reporting is an asset
- Advanced skills in MSOffice including Excel, SQL and Word
- Strong analytical and problem solving skills
- Exposure to forecasting and budgeting
