

Employer: Just Energy
Position: Financial Analyst, Planning & Analysis
Department: Finance
Report to: Manager, Planning & Analysis

Business Profile:

Just Energy is one of North America's leading electricity and natural gas retailers with offices in Canada and the U.S. Through its affiliates under its parent, Just Energy Income Fund, a publicly traded Income Trust (TSX: JE.UN), Just Energy provides over 1.6 million residential, small to mid-sized commercial and small industrial customers with the peace of mind that comes from knowing that they are protected from energy price volatility. In addition, through its subsidiary National Home Services, Just Energy sells and rents high efficiency and tankless water heaters, and through its subsidiary Terra Grain Fuels, produces and sells wheat-based ethanol. Just Energy is poised to become an industry leader in providing environmentally responsible energy supply solutions to consumers across North America.

Just Energy continues to focus on growth, professional development and fostering an entrepreneurial spirit that has made the company what it is today. We are looking for individuals interested in joining a fast-paced, dynamic, and growing company that is also a leader in the North American retail energy market. We offer competitive compensation with incentive bonuses, group benefits, a dynamic working environment and opportunity for growth that is unparalleled.

Job Responsibilities:

- Develop and maintain Gross Margin reports and analysis for energy markets.
- Develop financial forecasts and provide variance analysis on electricity & natural gas markets.
- Monitor cash flow forecasts and liaise with the Treasury team in weekly variance analysis.
- Review financial reporting processes and operational controls for existing markets and propose improvements where appropriate.
- Prepare detailed monthly & quarterly variance analysis reports and commentary.
- Initiate enhancements to automate systems and financial models used for data compilation, analysis and reporting.
- Assist in preparation of annual budgets and quarterly forecasts.
- Liaise with external auditors and Risk group on a quarterly basis.
- Provide input and validate information for Annual Reports.
- Ad hoc analysis and special projects as assigned.

Required Skills and Knowledge:

- University degree in Finance/Engineering/Mathematics.
- Advanced knowledge of MS Excel, MS Access, VBA, and SQL.
- Exposure to forecasting and budgeting.
- Previous experience with electricity and/or gas commodities is an asset.
- Some experience in financial modeling & revenue reporting is an asset.
- Excellent problem solving, organizational and multi tasking skills.
- Strong analytical and financial modeling skills.

Personal Attributes:

- Analytical thinker who excels in a deadline oriented environment.
- Ability to work both autonomously and in a team environment.
- Strong communication and management skills.
- Results oriented.
