

Employer: Just Energy
Position: Quality Assurance Analyst
Department: IT
Report to: Assistant QA Manager

Business Profile:

Just Energy is one of North America's leading electricity and natural gas retailers with offices in Canada and the U.S. Through its affiliates under its parent, Just Energy Income Fund, a publicly traded Income Trust (TSX: JE.UN), Just Energy provides over 1.6 million residential, small to mid-sized commercial and small industrial customers with the peace of mind that comes from knowing that they are protected from energy price volatility. In addition, through its subsidiary National Home Services, Just Energy sells and rents high efficiency and tankless water heaters, and through its subsidiary Terra Grain Fuels, produces and sells wheat-based ethanol. Just Energy is poised to become an industry leader in providing environmentally responsible energy supply solutions to consumers across North America.

Just Energy continues to focus on growth, professional development and fostering an entrepreneurial spirit that has made the company what it is today. We are looking for individuals interested in joining a fast-paced, dynamic, and growing company that is also a leader in the North American retail energy market. We offer competitive compensation with incentive bonuses, group benefits, a dynamic working environment and opportunity for growth that is unparalleled.
