

Position: Trader, Power Desk (Canada)

Location: Mississauga, Ontario

Reports To: Vice President, Supply

Your opportunity:

The Power Trader is key to the overall success of our procurement of electricity supply. As an analytical and strategic subject matter expert, the Power Trader proactively manages a supply portfolio against demand requirements by developing and leveraging new and existing relationships with suppliers and local distribution companies in the Canadian electricity market. This role is pivotal in the establishment of both short term and long term strategic acquisition of electricity.
